## Mission, Vision, Values

At KCHS, our commitment to excellence remains at the heart of everything we do. We hold high expectations for all students, believing that every learner is capable of achieving success when challenged with rigorous coursework and supported by a dedicated school community. Our goal is not just to prepare students for graduation but to equip them with the critical thinking skills, perseverance, and adaptability necessary for life beyond high school. As we move through this fast-paced second semester, we encourage parents to stay involved—monitoring academic progress, reinforcing positive study habits, and ensuring students maintain a healthy balance between school, activities, and rest.

## GREAT Expectations

At KCHS, we strive to create a school environment where all students feel valued, respected, and included. A key part of this is fostering a culture of trust—trust between students, staff, and the entire school community. Being trustworthy means acting with honesty, taking responsibility for one's actions, and making choices that reflect integrity. Whether it's completing assignments independently, following school policies, or being a reliable friend, we expect our students to demonstrate trustworthiness in all aspects of their school experience. Parents can support this expectation by having conversations at home about the importance of honesty and accountability. When students understand that trust is built through consistent, responsible actions, they develop character traits that will serve them well beyond high school.

## Kind Vibes Only: Spreading Kindness at KCHS

At KCHS, we believe that kindness has the power to transform our school community, which is why we are excited to launch the **"Kind Vibes Only"** campaign in partnership with the NT4 Kindness organization. This initiative encourages students to make a positive impact by demonstrating kindness in their daily interactions.

To recognize and reward these acts of kindness, students will have the opportunity to earn **gift cards and exclusive "Kind Vibes Only" swag**. Whether it's offering a helping hand, showing appreciation for others, or simply spreading positivity, every act of kindness makes a difference. Our goal is to create a culture where kindness isn't just encouraged—it's expected and celebrated.

We encourage parents to join us in reinforcing this message at home by recognizing and discussing moments of kindness with their students. The more we acknowledge and appreciate these small yet meaningful actions, the more they become a natural part of our daily lives. Together, we can create a school environment where kindness is celebrated, respect is the norm, and **Kind Vibes Only** lead the way!
